

SHEHZAD MUNIR

SOFTWARE DEVELOPER

SUMMARY

Experienced Full Stack Developer with a robust background in BS-IT and DAE Electrical. Proficient in technologies such as Express.js, Nest.js, React.js, and Next.js, with a proven track record in hybrid application development. Currently employed as a Front End Developer at TCS (Head Office Karachi). Past roles include Software Developer positions at Anomoz Software and Marktch Pro, alongside freelance experience on Fiverr. Recognized for exceptional client communication and delivering high-quality projects, featured on ARY News and Express TV. Personally acknowledged by the President of Pakistan for project contributions. Eager to take on new challenges in front-end innovation and full-stack development.
